

Alloy Solid Tine - .3125MT x 9.000L x .3125OD R9990058

Details

Alloy Solid Tines aerate without the work of cleaning up the mess of cores and debris left behind with conventional core aerating. R&R Solid Tines are manufactured from a special high-carbon steel bar and heat treated to RC45-48 in our own heat treat facility. They are available in all standard sizes but are especially popular in the smaller diameters for aerating in the summer months to relieve the stress on greens by allowing water, air and nutrients to easily flow into the root zone. With the combination of small holes and no cores, play can be resumed immediately.

Replaces

Redexim	9990056
R&R Products	R9990056

Specifications

Manufacturer	R&R Products
A - Tine Type	Alloy Solid
B - Tine Mounting Dia.	.315 in (8mm)
C - Tine Length	9 in (229mm)
D - Tine Tip Outside (Hole) Dia.	.315 in (8mm)

Fits Models

Redexim Verti-Drain
Southern Green Soil Reliever
