

Rain Bird 6 in Round Flat Grate - Green

RGDG6RFG

Details

A robust round drain with a UV inhibitor to reduce sun damage, this grate is designed with large opening slots for maximum flow while still preventing large debris from entering the drainage system. Precision engineered and manufactured to attach directly to Sewer and Drain Pipe and Fittings, Triple Wall Pipe, and Corrugated Pipe. Easy to use, installs in minutes, and blends well with the landscape. Typical application would be for direct attachment to Drainage Pipe where a catch basin is not appropriate or feasible. Available in 3", 4", and 6" diameters.

- Manufactured from structurally foamed High-Density Polyethylene (HDPE).
- UV stabilized to protect from sun degradation.
- Load rated for autos and light trucks at speeds less than 20 mph.
- Maximum load rating based on basin encased in concrete and weight uniformly applied across entire grate surface.
- Each grate has three stepped diameters to fit Sewer and Drain (S & D) Pipe and Fittings, Triple Wall Pipe, and Corrugated Pipe.
- Textured anti-skid surface for flat grate only.
- Load rated for pedestrian traffic.
- ADA compliant for flat grate only.

Specifications

Manufacturer	Rain Bird
Manufacturer's	DG6RFG
Model No	
Box Quantity	24
Package Quantity	1
